## Wall-Street Traders Note a Downward Tendency in Stocks.

London Demand Falling Off and Speculation Without Spirit-Indiauapolis Grain Inactive.

At New York yesterday money on call was easy at 1 per cent.

Prime mercantile paper, 3951/2 per cent. Sterling exchange was dull but firmer, with actual business in bankers' bills at \$4.88@4.88% for demand and at \$4.87@4.87% for sixty days; posted rates, \$4.87 \@4.89; commercial bills, \$4.85%, @4.85.

Silver cartificates, 61%c. Bar silver closed at 61%c per ounce bid; at London, 28%d. Total sales of stocks aggregated 162,600 shares. The movement of the stock market was not interesting to the street at larga. The speculation was spiritless and largely confined to the room traders, who worked with less concert of action than usual. London was not represented very largely in the dealings, and was, perhaps, more of a seller than buyer, some of the recent purchasers liquidating their holdings. The market was of that halting, hisitating character which often precedes a decided movement in the direction of lower prices, but the most unfavorable symptom yet developed is the decrease of foreign buying. The leader of the market was Missouri Pacific, which was bought heavily, it is believed, for the account of an inside interest, sending the price up 2% with a final reaction of %. The grangers made fractional gains during the morning, but fell off in the afternoon, closing at a decline of 1/40 on Monday's final sales. St. Paul and Burlington & Quincy showed the only activity of these shares, St. Paul being sold on a report that the earnings for the fourth week of March would show a heavier decrease than usual. There was covering of shorts in Reading, which was counteracted by sales of long stock, the result of the changes of stock being a decline of 4. The industrials were comparatively negected and moved irregularly, Chicago Gas and Distilling recording advances of % and 1/2 per cent., respectively, and Sugar and General Electric making declines of 3/2 each, while Cordage preferred lost 3 per cent. and Rubber gained 11/2, Lead 1/4 and Lead prebe per cent. The other s nent in the advance were Delaware & Hudson, 1%; Consolidated Gas, 14. Dela-ware, Lackawanna & Western, which lost 1 per cent., was the only stock in which the ecline was above a fraction. Colora lo Fuel and Iron preferred sold at 69, an advance of 9 per cent. on the last previous sale. In the final dealings the market was improved in tone and closed generally firm. Comparing the closing figures with those of yesterday as many stocks are to be found below the line as above it. The report of the Canadian Pacific railroad for the year ending Dec. 31 shows gross earnings of \$20,962,317, a decrease of \$447,034; net earnings, \$7,741,416, a decrease of \$678,931; surplus for 1893, \$317,682; total surplus, \$7,961,213. The railway and miscellaneous bond market was strong all day, and most of the is-sues traded in recorded advances. The principal changes in prices are: Advances-Alton & Terre Haute firsts, General Electric debenture fives and Oregon Short-line con-sul fives, each 2; Central Pacific sixes of 1898, 14; Louisville & New Albany fives, Missourl Pacific consol sixes, St. Louis & San Francisco seconds, Class C, and Pittsburg & Western fours, each 41/2. Declines-Indiana, Decatur & Springfield first trust receipts, 1 per cent. National Starch firsts sold at 96, against 89 on March 1. St. Paul consolidated sinking fund fives sold at 91, against 103 on Jan. 30.

#### LOCAL GRAIN AND PRODUCE. Trade Rather Quiet, Eggs and Poul-

try Lower and Provisions Easier. Trade on the wholesale streets and on Commission row is rather quiet, but something of an improvement over last week. In prices there were few changes yesterday. Eggs and poultry both drop another 1/2c. Shippers will to-day pay but 7c for eggs. Receipts are large and demand good, but not such as to take all the eggs arriving. The provision market carries an easy tone at the revised quotations of yesterday. Potatoes are scarce and firmer. Cabbages and onions are in good supply and selling lower than a few days ago. Oranges are in light supply and firm at the advance of 25c on Monday. The seed market is very active, all kinds of clover 25c higher; other seeds unchanged. Staple groceries are moving well and prices unusually steady. The local grain market is back in the old dull rut, attendance on 'Change small and bidding tame. Track bids yesterday ruled

Mr. Rief Responds to Mr. Symmes. To the Editor of the Indianapolis Journal: Mr. Samuel D. Symmes, State secretary of the A. P. A., denies in Saturday's Journal the circulating of literature ridiculing the manner of Catholic worship, and tries to make the public believe that he doubts the existence of such literature. This compels me to prove that Mr. Symmes is handling the truth very recklessly. Some time ago a party who had been in correspondence with Mr. Symmes in regard to organizing an A. P. A. council turned over to me all letters and circulars he had received from Nr. S. The letters are all written on A. . A. letter heads, on which Jacob Meitzler's name appears as State president and Sam D. Symmes, State secretary. All letters are signed by Sam D. Symmes, State secretary, and are postmarked Crawfordsville. Some of the circulars have Sam D. Symmes written across their face. Here is an extract from one indorsed by Mr. S. "Of the 144,000 Irishmen that enlisted in the civil war, 104,000, or 72 per cent., deserted." But the best one in the lot is the one that

be asked by some knight of St. John to hand in his checks, and when "Yankee Doodle" will be knocked out and the Pope will be yanked on a throne in the Windy City. Here is a copy:
"Is it not the avowed purpose of the Romish Church to establish the temporal power, or the independence of the Holy See, in the United States in September, 1893, by force of arms? Are not the Knights of St. John going to Chicago in September, 1893, to join in the parade with guns and ammunition? Is this not a Romish gun-powder plot? Is not all Romanism a fraud, a sham, a humbug and open treason?" No doubt these Democratic times kept that plot from materializing-no money, no powder, no war. Now, unless some Romish emissary in your Uncle Sam's postal service has been tampering with Mr. S.'s letters, by opening them and inclosing A. P. A.

iterature; unless that was done, it looks

like Mr. S. was guilty as charged by me in the Journal of March 23. I have the doc-

umentary evidence in my possession that

will convict him before any jury of his

own selection. Members of the A. P. A. are

Washington Letter in New York Sun. The fact that Mr. McCulloch, of Indiana, called at the White House one day last week to advise President Cleveland to sign

the Bland seigniorage bill calls attention

to the fact that the father of this Western financier is Hugh McCulloch, who came from Indiana to establish the office of Controller of the Currency under Secretary Sheep in good demand and strong at \$2.50 Chase, and who was afterward Secretary of the Treasury in the Cabinets of Grant and Arthur, and for a long time the fiscal agent of this government in London, and that he is still a hale and hearty man and a resident of Washington.
